

Health Care Visions, Ltd.

Health Care Visions, Ltd. is a nationally renowned consulting firm offering specialized expertise and services to hospitals to identify and evaluate existing or emerging opportunities in cardiovascular and peripheral vascular services.

Health Care Visions, Ltd.'s staff consists of Master's prepared clinical and business consultants who possess a tremendous amount of experience in managing successful cardiovascular and peripheral vascular programs for hospitals ranging from small institutions to some of the country's largest and most prestigious health care systems.

Our consultants are well versed in the latest, most advanced technologies and best medical practices in this rapidly evolving service category. We have provided assistance to over 85 hospitals, with assignments ranging from short, time-limited, task specific engagements to long-term strategic partnerships.

We welcome the opportunity to discuss your needs and explore solutions that can strengthen your existing programs or assist with the implementation of new services.

Consultants Specializing in Cardiovascular Programs

An Innovative Approach to Cardiovascular Care

One Stop Post Op™

ONE STOP POST OP™

The One Stop Post Op™ concept of post operative open heart care provides patient focused care throughout their admission.

The patient remains in the same room immediately from post operative until discharge

Patient Flow

Optimal

- ♥ Immediate post operative & discharge from the same bed

Patient Satisfaction

Exceptional

- ♥ More continuity—no room changes
- ♥ Patient focused care
- ♥ Competencies of nursing staff

Physician Satisfaction

Exceptional

- ♥ Trust in staff
- ♥ Patients & families located in one convenient area
- ♥ Clinical outcomes-speed of clinical intervention

Staff Satisfaction

Exceptional

- ♥ Less burnout
- ♥ Expertise in the entire post op cardiac care process
- ♥ Patient & family interaction
- ♥ Bond between physician & staff
- ♥ Autonomy

Clinical Outcomes

Exceptional

- ♥ Less than the national average LOS
- ♥ Rapid intervention of complications
- ♥ Multidiscipline care approach-consistency
- ♥ Usually protocol driven

Cost Efficiencies

Highly Efficient

- ♥ Decreased burden for ancillary services-housekeeping dietary-pharmacy
- ♥ Decreased LOS
- ♥ Staff retention
- ♥ Reduces transfer cost

It is much more than keeping the patient in the same room.... It is a new customer friendly way of viewing patient care for the cardiovascular surgery patient population

The units and patient rooms have been described by some physicians as more comparable to hotel rooms than to critical care units. Focus is placed on promoting a healing environment, since patients are usually only critically ill for one day.
